

**MARK YOUR CALENDARS FOR**  
**Friday, August 20, 2010**  
**Five Hour CEU Course**  
**Registration: 9:30 am to 10 am**  
**Training: 10 am – 4 pm**

**Treatment Considerations for Eating Disorders**

Participants of this training will:

- Gain an understanding of eating disorders as an adaptation to stress
- Receive updated information about changes in the DSM-V related to eating disorders.
- Describe the tenets of emotional brain training as well as the five basic tools for the process.

**Medical Assessment of Child Abuse: The Forensics**

Participants of this training will:

- Be able to recognize the common presentations of inflicted injury in children
- Be able to describe the mechanism of some common inflicted injuries in children
- Be able to name two examples of mimics of child physical abuse.
- Be able to understand the importance of evaluating children with bruising.

**Trainers:**

**Donna Foster, LNT**  
(Kentucky Center for Eating & Weight Disorders)

**Melissa Currie, M.D.**  
(Chief, University of Louisville Pediatric Child Abuse Team  
Board Certified in Child Abuse Pediatrics)

*\$25 per person*

*(Lunch will be provided)*

*Held at The Ridge Outpatient Building*

**To Register please go to the Ridge website, [www.ridgebhs.com](http://www.ridgebhs.com), and click on Training Registration to register.**

If needed by any of the attendees, application for 5 contact hours (CEU's) will be submitted for Nurses, Social Workers, CADC's, LMFT's, and LPCC's. The Ridge has been granted approval of its continuing education in nursing by the KY Board of Nursing. KBN approval of an individual nursing continuing education program does not constitute endorsement of the program. **Attendance to the entire program and completion of program evaluation required for contact hour credit.**
